DTLA 2040 - the update to the Central City & Central City North Community Plans and implementation

through the re:code LA's new Downtown Zoning Code - will consider Downtown as we experience it today, but more importantly, will look forward to the Downtown of 2040.

The ambition of DTLA 2040 is to create and implement a collective vision for Downtown's future.

The Plan will include goals, policies, and programs that frame the City's long-term priorities.

Please share with anyone you know who is interested in the future of Downtown Los Angeles. We hope that you will participate in DTLA 2040 and that you will join us this Saturday!
